U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on JULY 24, 1977
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
JULY 25 - 31, 1977
--As Reported by Exporters

NOTICE TO USERS: The new marketing year for cotton, cottonseed and rice began August 1. Outstanding sales of these commodities scheduled for 1976 - 77 export, against which deliveries were not made by July 31, will be carried forward by reporting exporters for delivery in the 1977 - 78 marketing year. Special tables showing summary data for the 1976-77 marketing year will be published in the report to be released August 11, 1977.

EXPORT SALES REPORT

Comments on release of August 4, 1977, (based on reports from exporters for the week ending July 24 unless otherwise noted):

Wheat: For the second consecutive week Poland dominated new sales activity as they purchased 138,200 metric tons (MT) of Soft Red Winter. Other major wheat buyers included Taiwan, Japan, Costa Rica and the Netherlands. Sales reported to unknown destinations declined sharply as changes in destinations and contract adjustments (cancellations/foreign purchases) exceeded new sales by a net of 92,800 MT. Sales of 21,000 MT of Hard Red Spring were switched from West Germany to East Germany and exported. Export clearances were heavy (737,400 MT) with Japan, Poland, Brazil and the USSR the main recipients.

Corn: Sales activity continued at a fairly good pace as the marketing year (MY) expires. Korea was the largest buyer, purchasing 180,600 MT. Numerous European countries and Taiwan also made notable purchases. New sales to unspecified destinations were more than offset by switches from unknown to specific destinations such as West Germany, Belgium and Japan. Sales of 120,000 MT to Portugal for the current MY were reported under the daily system. Sales activity for 1977/78 was minimal. Exports continued heavy for the second consecutive week with Japan and Mexico leading all importers.

Barley: Market activity was fairly heavy with large sales to Japan, Italy and unknown destinations. Switches in sales from unknown destinations principally benefited Belgium, West Germany and Algeria. Exports were the heaviest recorded since the last 2 weeks of the old MY.

Oats: The first significant new sales in over a month were reported. Switzerland made their first purchase of the MY; however, the bulk of the new sales were to unknown destinations.

Grain Sorghum: Activity was moderately heavy, although the net impact on total sales over the current and next MY was relatively small. For the current MY, a 25,000 MT sale to unknown destinations was cancelled and 40,000 MT of unknown destination sales were shifted to Mexico. However, there were some small new sales to unknown destinations. New sales were also reported to Spain, and Colombia. Portugal shifted purchases of slightly over 30,000 MT from the next MY to 1976/77 delivery. Under the daily system, 1977/78 sales of 152,400 MT to unknown destinations were reported. Exports continued heavy for the second consecutive week.

Rice: The market was quiet except for the sale of 72,300 MT of milled medium/short grain rice under PL-480 to Bangladesh for 1977/78. Iran shifted purchases of 15,000 MT forward to the new MY. Optional origin sales of 16,000 MT for 1977/78 shipment were reported to Senegal. The export pace continued to pick up.

Soybeans: The market continued fairly quiet. New sales were small with the most significant feature a net increase in sales to unknown destinations of 127,000 MT. Numerous sales cancellations were reported, covering both the EC and Asian markets. Some of these cancellations reflected a shift in sales to the 1977/78 MY. A number of European countries added to 1977/78 purchases, however, these sales were more than offset by a decrease of 112,000 MT in unknown destination sales. Exports continued moderately heavy.

Soybean Cake and Meal: Sales activity, which was moderately heavy, was about evenly split between the current and the next MY. The Netherlands was the major customer adding to both 1976/77 and 1977/78 purchases. Most of the other purchases for 1976/77 delivery were relatively small. Unknown destination sales of 7,500 MT were shifted to Yugoslavia and shipped. Exports continued modest.

Cotton: The pattern of activity remains unchanged. MY 1976/77 cancellations surpassed new sales for the second time this month resulting in a net reduction of 8,400 R.B. in 1976/77 sales. Sales for 1977/78 continued good, going principally to Korea (50,200 RB), Taiwan (13,100 RB) and Japan (10,800 RB). Exports were light with Asia accounting for 79 percent of the 65,900 RB lifted.

Soybean Oil: Showed no significant activity.

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which would result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
